BOARD OF SUPERVISORS POLICY

Subject

Extending Sewer Lines in Sanitation Districts

**Policy
Number**

I-48

1 of 1

Purpose

To provide a policy regarding extension of sewer lines in the Sanitation Districts.

Background

It is not prudent for County forces to provide sewer line extensions because this capability is available in the private sector, and because providing sewer extensions is disruptive to the sanitation district maintenance program, which has limited staffing. Under this policy, persons desiring sewer extensions will be directed to secure private contracts.

Policy

It is the policy of the Board of Supervisors, acting as the Boards of Directors of the San Diego County Sanitation Districts, that:

Sewer extensions shall be accomplished by private contract.

Sunset Date

This policy will be reviewed for continuance by 12-31-10.
